

KYIV MACHINERY PLANT LLC

***UKRAINIAN
MANUFACTURER
OF SPECIALIZED
MACHINERY***

Presentation

Unique Ukrainian specialized machinery, reborned in Zakarpattia region

LLC "Kyiv Machine Plant" is ready to manufacture such specialized equipment as mobile cranes, crane-manipulator installations, hydraulic lifts, multifunctional cranes, dump trucks, garbage trucks, and much more. The enterprise has been assigned the WMI code – the worldwide manufacturer identifier for specialized machinery.

In 2021, at our facilities, we produced mobile cranes with a lifting capacity of 25 tons and a boom reach of 32 and 40 meters, developed in-house. These were the first automotive cranes of Ukrainian production.

In the same year, the KMZ 25-40 mobile cranes were presented at the International Industrial Forum in Kyiv.

OPPORTUNITIES MULTIPLIED BY EXPERIENCE

✓ CONVENIENT LOCATION

The production facilities of LLC "Kyiv Machine-Building Plant" are located in Vinogradiv, Zakarpattia region. It is 15 km from the border with Hungary and Romania and adjacent to the European gauge of 1435 mm.

✓ IMPORT-EXPORT

A licensed customs warehouse is organized on the plant's premises for the convenience of deliveries and speedy processing of customs documents.

✓ PRODUCTION FACILITIES

Today our production department is located in two workshops with a total area of approximately 4000 m² each equipped with cranes capable of lifting loads weighing 10 tons.

✓ PLANNING

In our plans for 2025, we have construction of a new workshop with an area of over 6000 m².

OPPORTUNITIES MULTIPLIED BY DESIRE

CERTIFICATION

In 2021, our company successfully underwent certification and obtained an international manufacturer identification code, which is part of the structure of the vehicle identification number (VIN), giving us the ability to engage in the production of motor vehicles. In 2024, we obtained the ISO 9001 quality standard certificate.

CUSTOMIZATION FOR CLIENTS

Our plant is a full-cycle enterprise for the production of special equipment, allowing us to offer the installation of crane equipment on chassis of various brands according to the client's preference.

LOCALIZATION

The degree of localization of our production exceeds 40%.

PRODUCTION CAPACITY

300 units/year

ALWAYS READY TO MEET CUSTOMER NEEDS!

PRICE

Thanks to in-house production, the cost of our equipment is significantly lower than European counterparts.

QUALITY

All equipment from our plant complies with basic global standards of quality, reliability, and environmental friendliness.

WARRANTY

We confidently provide a warranty for our equipment because we control all production processes.

24/7 SUPPORT

From project discussions to equipment operation, we are always there for you.

SPECIALIZED EQUIPMENT FOR ALL NEEDS:

- FOR COMMERCE
- FOR CONSTRUCTION
- FOR HOUSEHOLDS

BEST-SELLING MODEL

KMZ 25-40

- » Lifting Capacity – 25 tons
- » Lifting Height – 39,52 m
- » Number of Boom Sections – 5
- » Chassis – SITRAK-C5H (ZZ1256N404GE1)
- » Engine – MC 07.33-50
- » Engine power – 240 kW (hp)
- » Wheel Formula – 6x4
- » Environmental Standard – Euro-5

KYIV MACHINERY PLANT LLC

Our years of experience in designing, manufacturing, and servicing specialized equipment, coupled with our own production capacity, will help you achieve your goals within the set timeframe.

LOOKING FORWARD TO COOPERATION!
